

SBA

SLOVAK | BUSINESS | AGENCY

SBA VISION

- SBA wants to be the first choice for Slovak enterprises for starting and development of their business.

SBA MISSION

- Complex support for SMEs in compliance with the Small Business Act's principles.
- Support for SMEs at the national, regional and local level.
- To improve the competitiveness of Slovak SMEs within the EU's single market as well as in the non-EU markets.

SBA OBJECTIVES

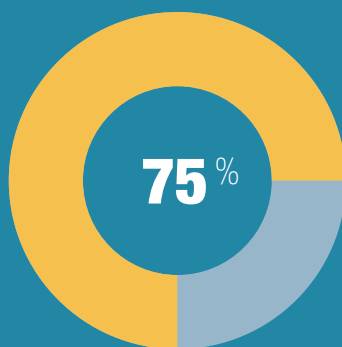

- To increase the survival rate of enterprises.
- To increase the employment rate in private sector.
- To increase the innovation performance of Slovak enterprises.
- To stimulate entrepreneurship spirit.
- To avoid decline and marginalization of enterprises.
- To increase the competitiveness of Slovak business environment and Slovak enterprises.

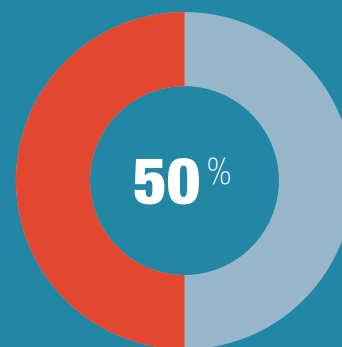

SMEs IN SLOVAKIA

Represent more than 99,9%
of Slovak business entities.

Provide job opportunities
for almost 75% of the active
workforce.

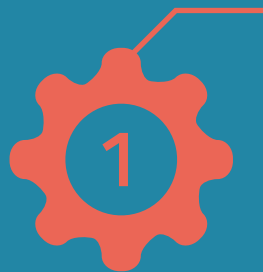

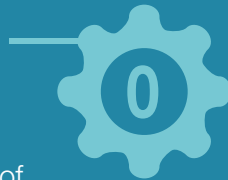

They share in more than
50% of GDP/added value.

SLOVAK WOMEN'S PLATFORM

SBA is one of the founding members of Slovak Women's Platform. The aim is to promote entrepreneurship and to achieve synergy through cooperation of associations having a long-term interest in addressing women issues.

DEVELOPMENT COOPERATION AND THE KNOW-HOW TRANSFER

SLOVAK ENTREPRENEURS' PLATFORM FOR FOREIGN DEVELOPMENT COOPERATION | WWW.PPZRS.SK

SBA is one of the founding members of Slovak Entrepreneurs' Platform for Foreign Development Cooperation. It is an independent, nonprofit organization which is open for all domestic business entities with the interest in international development cooperation.

The aim of the Platform is to disseminate information about the international development cooperation and to share knowledge and experience among entrepreneurs with the interest in international development cooperation.

BETTER **REGULATION** CENTER

Mission of the Better Regulation Center is to reduce the disproportionate regulatory burden on businesses as well as to improve the business environment in Slovakia.

Better Regulation Center operates as a part of the Slovak Business Agency.

Main activities:

- Regulatory impact analysis on proposed and existing regulations with impact on business environment.
- Drafting proposals on reducing regulatory burden on businesses in order to increase competitiveness of the business environment and boost economic growth.
- Applying the regulatory impact analysis on regulations in context of their impact on SMEs (SME Test).
- Promotion of the 'Think Small First' principle in accordance with the Small Business Act initiative in Slovak law thus resulting in simplification of existing regulations for SMEs when operating in the markets.
- Consultations with business environment and stakeholders on regulations thus obtaining feedback in relation to the relevant state administration bodies and institutions of the EU.
- Assessment of harmonization of the Slovak and the EU legislation when transposing the EU business environment legislation into national law (Gold-plating reduction).
